WORKSHOPS AND LESSONS IN MAKING AND DESIGNING FASHION

Some little house Rules Bias-Cut DIY Fashion Workshops & Lessons

In the general conditions is mentioned that officially lessons can not be caught up. This because my courses are quite short, the groups are small and space is limited. Due to the Corona virus it is currently extra difficult due to the limit of space.

I have experimented with many possibilities in the past, to let people catch up all they miss, or nothing at all ... I ended up making a few rules anyway. When I started teaching I did not know that people nowadays go on vacation so often.

To be honest, I would rather make no rules, because I do not like working work with rules at all. But at some point I was about to get a burn-out from the chaos that no rules gave me. I was considering for that reason to stop teaching, or I had to make some changes to the system.

Lessons that are registered for being absent before the start of the course, can be caught up in case there is enough space.

Please register those lessons before the start (not during the first lesson) of the course by sending an email to: info@dorrithderoode.nl and mention in the same mail when you would like to catch up (time and date).

After that I will check it there are any possibilities to catch up. Due to the Corona virus and the limited amount of participants it all became a bit more complicated, I hope for your understanding.

I book the people who want to make up a lesson, in a special sewing agenda. It is all done by a first-come, first-served basis. It may be possible that there is no space on the day that you want. Keep that in mind.

I do not give extra lessons outside the existing lessons especially for people who missed a lesson. The missed lessons can not be taken as a credit to a next series of lessons, but can only be caught up during the period of the course in which the lesson is missed, in case there is space. It is also not possible to set off lessons in the next series and it is not possible to get money in return.

Lessons need to be paid 100% 48 hours before the start of the course. After the payment the participation is official. If the lesson not paid in time and there is a waiting list, the place will go to someone on the waiting list.

By cancelling the complete course 48 hours before the start of the course 50% of the amount will be charged. By cancelling 24 hours before the start of the course 100% of the total amount will be charged.

By cancelling the complete course after the start of the course the complete amount of the course will be charged.

New participants can enroll in case there still is space and then pay the part of the lessons that they follow. Please note this is just for new people who did not previously follow a course or workshop in Bias Cut DIY Fashion workshops. It is not possible to book half courses ahead.

Please stay home when you do not feel well. Due to the Corona virus I give you an extra possibility to make up a missed lesson. In case you do not feel well, please stay home, officially you cannot make up, but I give you the possibility to change lessons with another participant during the course you registered for. This you have to organize yourself. Another participant can for example follow a double class when you are ill and as soon as you feel better you can follow a double class too.

There is no deviation from this statement, only in case that the participating student gets or has an incurable disease. In that case, we are looking together for a solution.

It is important that you can make sure you are joining as much as possible.

Thank you very much and see you soon,
Dorrith
